

## CONSENT FOR USE OF IMAGES & PHOTOGRAPHY

**We understand how important your child's image is and therefore we ask your consent for photographs to be taken in school.** We use some of these images in school only, for example highlighting development, displays in the classroom and around school, events, celebrating achievements, and in your child's curriculum books. We may also use photographs to publicise our school on our school website and our curriculum newsletters, in our school prospectus, and in the media (when images may be published in newspapers, or other printed publications). Sometimes we also have events to which we invite parents/carers such as Christmas plays, and again both school and parents may wish to take photographs. Photographs or film footage by parents/carers of their children for personal use at such events is permitted (with the Head Teacher's consent)

Even when permission is given, we use images carefully, for example never disclosing your child's full name. For public events we remind all parents/carers about using images respectfully and never posting images on social media unless they have the permission of other parents to do so.

To comply with Data Protection Law, we need your permission before we can photograph or make recordings of your child.
